@THE|SHED

If you are a local business you'll be familiar with The Shed which opened in May 2021. The ground floor is packed with street food outlets, coffee shops, a craft beer outlet, a Headcase barbers and theatre as well as retail.

Spanning around 3,500 square feet the mezzanine space above has recently been converted into a suite of thirteen small self-contained offices let by SIGNAL

These offices are very popular and have been fully occupied since the launch but you can join a waiting list for this and other similar projects launching soon

@CHIEFTAIN|HOUSE

In April 2021 SiGNAL signed a deal with Abri to lease and manage 4000 square feet of office space that had stood empty since Quebec Park opened in 2017

These four units are of similar the same size, all around 1000 square feet, light, modern and airy. They are now home to a thriving community of Bordon business people and creatives. At the heart of Chieftain House is the 1759 Café with its menu of barista-style coffees and homemade cakes and sandwiches.

Every tenant has access to self-catering kitchens, state-of-the-art bathrooms, and a modern boardroom with excellent wifi and AV provision.

@MARTINIQUE | HOUSE

Martinique House is an old military house originally built for the Commanding Officer of the Martinique Barracks. In 1972 it was converted into a community centre with the addition of a large community hall to the side.

Then in 208 it became the beating heart of our SIGNAL Business Village zone in Bordon

In total there are 9 offices, a large workshop and a small workshop in this maintained period building
